

InputComponent::Input

```
graph LR; A[InputComponent::Input] --> B[TransformComponent::GetX]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'InputComponent::Input'. The right box is gray with a black border and contains the text 'TransformComponent::GetX' on two lines. A blue arrow points from the right side of the left box to the left side of the right box.

TransformComponent
::GetX
